About Oscar Products

Oscar Products has been established for over 20 years. We supply quality products to all areas of business throughout the UK and beyond. In addition to our extensive range, we can supply bespoke plain and printed products to your requirements.

This catalogue details our product range along with information on printed carrier bags and bespoke products. Principally if a product appears in our catalogue and it's not to your requirements then we can produce one that is (subject to minimum quantities).

Please remember that prices quoted in this catalogue are for small quantities, large quantities will attract a bulk rate price which we do not publish.

Always phone us if you are looking for a larger quantity. You will find our prices very competitive.

Please call us on our Freephone number for a quotation or for further information.

About Oscar Products

Due to the volatile nature of polythene prices at this present time, we no longer print a guaranteed price list. Please be good enough to ring the Freephone number and we will supply you with all the details you require.

Printed Carrier Bags & Bespoke Products

Printed Carrier Bags

We have all worked hard at building up our business or reputation, so we know the value of advertising your company or getting your name out there in the big wide world.

The chances are if we can supply the product then we can have it printed.

Of course these are classified as a custom run and would be subject to a minimum quantity and manufacturing lead times, but we can keep you notified of these criteria as the job develops. However as we can source products from all over the World there is a good chance that we can find the right product for your application.

A printed carrier bag can be an excellent and economic way to promote your business, organisation or company.

What better use of your advertising budget than to provide customers or clients with a printed carrier bag which is an effective means of carrying away their purchases or samples.

We have been supplying printed carrier bags for over 20 years and with our extensive experience are able to assist you in choosing the product best suited for you purpose.

Most carrier bags can be produced using LDPE, HDPE and degradable material. Printed carrier bags are available in white, clear, frosted or coloured film. Printing can be on one side, two sides, or in the gusset, in one colour, up to six colours and in four colour process. Ink coverage from minimal to 100%; in matt, gloss or metallic.

As well as supplying printed carrier bags, we can also supply printed paper bags, available in white, brown and colour washed.

Bespoke Products

We can supply an extensive range of bespoke paper and polythene products, plain and printed.

Quantities for many bespoke products are sometimes surprisingly low and we welcome all enquires however small they may be.

We will advise minimum quantities for the item required and provide a quotation based upon your specification.

- *Sawdust Bags* • *Cover Bags* • *Wicketed Bags* • *Vacuum Pouches*
- *Mini Grip Bags* • *Paper Sheeting* • *Printed Tape* • *Bread Bags*

Artwork Preparation

Printed Carrier

When submitting your artwork please follow some of these simple steps:

Ideally we prefer the vector based formats, especially pdf files. These files need to have all fonts converted to outlines so that we can see your image as you intended.

We can also use eps files or files from the more popular graphics software packages such as:
Adobe Illustrator, Quark, Freehand or Pagemaker

If you have not got access to a file like this then we can work from a standard jpeg image, all we ask is that you make sure they are good quality, high resolution images. We can then re-draw your image in the correct format.

When it comes to colours we work from the standard Pantone Color Formula range. If in doubt we can colour match your artwork and provide you with a proof.

Of course printed stock is not the same as your computer screen so please make sure that you are working in a CMYK colour space when creating artwork and if possible match colours to the Pantone system. A colour with a 'C' suffix denotes ink to be used on polythene and 'U' is the paper version.

Of course we understand that some people just do not have access to all these facilities and so we will work with you to create the finished design.

We will work hand in hand with designers and illustrators and your concept ideas to complete the vision you had, or turn the sketch you made into the product you require.

Delivery Information

Deliveries By Courier Nationwide

Deliveries are made on a three day service. Delivery charges based on weight.

Oscar Products Ltd.

Economy Food Grade Clear Bags

The following Conditions of Sale will govern this transaction except as otherwise specifically agreed in writing by the buyer and the seller. (in these Conditions the expression "contract" means an offer or an order followed by an acceptance thereof whether by conduct or otherwise)

1. PRICES:

- (a) Prices shall be those quoted or accepted by the Seller subject to revision in the event of any increase or decrease of the costs to the seller between the date of the quotation or acceptance by seller and the date of despatch to the Buyer.
- (b) All prices quoted or accepted are exclusive of Value Added Tax and the contract price shall be prices plus VAT

2. TERMS:

- (a) Payments shall be made net within 28 days from date of invoice.
- (b) In the case of a contract involving more than one delivery. If default is made in payment on the due date for any one delivery, the Seller, at his option, shall be entitled to treat the contract repudiated by the Buyer and to claim damages accordingly.
- (c) A contract cannot be cancelled except by mutual agreement and then only on terms which would fully indemnify the Seller.
- (d) Any fees, charges etc. Which may be incurred in the collection of overdue accounts will be chargeable to, and payable by, the customer. The Company may charge interest on overdue payments from the date they become due, to the Annual rate of not less than 4% above the Company's Bankers Base Rate from time in force.

3 DELIVERY:

- (a) Subject to clause 3 (b) below unless a date for delivery is specified the goods shall be dispatched as soon as ready.
- (b) In the case of a contract involving more than one delivery unless the contract provides otherwise the whole of such deliveries shall be accepted within six months from the date of the first delivery. In the event of failure to accept any delivery that delivery shall be immediately invoiced and the costs involved charged to customer's account the goods being held at the customer's expense.

4 QUANTITY VARIATIONS:

In the case of goods specially manufactured (or printed) for the buyer a shortage or surplus, charged pro rata, not exceeding 10%.

5 SKETCHES etc.:

All sketches and origination work remain the property of the Seller unless paid for by the buyer.

6 PROOFS:

In the case of printed bags, alterations from the original copy on and after the first proof, including alterations in style, will be charged extra. No responsibility will be accepted for any errors in proofs which have been passed by the Buyer.

7 RETENTION OF TITLE AND CLAIMS:

The property in any goods sold or supplied by the Seller shall not pass to the buyer until the Buyer has paid to the Seller the whole price thereof and any amounts due in respect of other goods the subject of any other contract between the Buyer and the Seller which have been delivered but remain unpaid. If notwithstanding that the property and the goods has not passed to the Buyer, the Buyer shall purport to sell the goods in such a manner as to attempt to pass to a third party a valid title to the goods, the Buyer shall hold the proceeds of such a sale upon trust for the Seller.

In the event that payment for the goods shall not have been made within a period of 28 days from the date of invoice, the Buyer agrees that prior to such payment of the whole price of the goods the Seller may at any time enter upon the Buyer's premises and remove the goods there from without let or hindrance and that prior to such payment the Buyer shall keep the goods separate and identifiable for this purpose. Nothing herein shall constitute the Buyer the agent for the Seller for the purpose of any sub sale. Notwithstanding that the property in the goods shall not pass to the Buyer save as provided above, the said goods shall be at the risk of the Buyer from the time of collection by or delivery to him of the goods. Goods not delivered at all or delivered in a damaged condition and the Buyer does not notify the Seller and the carrier in writing of such non-delivery or damage within such time as will enable the Seller to comply with the time limits for claims or complaints laid down by the carrier to whom the goods were delivered. Complaints or claims not relating to the non-delivery or damage in transit of the goods must be made in writing by the Buyer to the Seller with 28 days of the delivery of the goods to the Buyer. The return of the goods after delivery to the Buyer will not be accepted unless the Seller or his representative shall first have had the opportunity of examining them.

8 BUYERS PROPERTY:

The Buyer's property when supplied to the Seller will be held at the Buyer's risk. Every care will be taken by the Seller to secure the best results when materials are supplied by the Buyer but no responsibility will be accepted for imperfect work caused by defects in or unsuitability of the materials so supplied.

9 MATERIAL:

Whilst every endeavour will be made to supply materials accordance with the quality of samples submitted or quoted for, the contract is not a contract of sale by sample.

10 FORCE MAJEURE, etc.:

This contract may be varied or cancelled by the Seller if it is affected by any Act of God, War, Strike, Lock out, Fire, Flood, Drought, Tempest or any other cause beyond control of the Seller whether similar to the foregoing or not, or if the Seller shall for any reason be unable to procure materials or articles required for the performance of the contract.
